

Digital Citizenship 2019 - Ideas and Resources

Workshop Brainstorming

Student Data Privacy	Votes
Online toolbox https://bcpsodl.pbworks.com/w/page/97920539/Toolbox%20Index	0
FERPA around since 1974 - WOW! It needs to be updated. So much has changed in tech since 1974.	0
How vendors share student data.	0
FERPA has been around since 1974 - wow! So much has changed in tech since then.	0
First time learning about COPPA.	0
Research our own districts data privacy policy and how transparent we are.	0
GREAT to hear about how other educators are dealing with the data privacy concern!!!	0
We didn't think of school districts having data mined from companies...even educational companies that you would think were safe.	0

Online Personae	Votes
Amazing the amount of information that is online about us and resources to find that info.	0
Scary how easy it is to find info on anyone with a dig footprint. share ting is a scary practice.	0
Accounts are incredibly hard to delete.	0
Just.... WOWOWOWOWOW!!!! Lots of scary stuff!	0
Google being the easiest to delete was a surprise.	0
How difficult it is to delete an account.	0
Didn't know it was so easy to create a fake identity.	0

Social Media - Addiction? Obsession? Or...?	Votes
Can become a tool to empower digital leadership amongst students	0
The brain research	0
Don't login to everything with one account: Google, Facebook, etc.	0
Will definitely look into the Pew Research!	0

Limit your number friends and make your accounts private.	0
Brain research	0
Surprised that people think that social media has helped and not hurt. If you are on Facebook and privacy settings are HIGH - are you safe?	0
Both	0
