

## Social Media - NCCE 2019

Is social media an addiction? An obsession? Or something? Add your thoughts about this section of the workshop below.

<b>Important ideas from this segment of the workshop.</b>	<b>Votes</b>
Don't use linked logins	2
beware linked apps	0
Don't be tricked.	0
Don't play the chain "games"	0
assume your data isn't going to be secure and go from there	0
Teach students why they shouldn't take quizzes in social media, even if you don't do them yourself.	0
Be aware of security questions, innocent "fun" games aren't that innocent	0
Avoid quizzes that ask for personal information	0
assume social media quizzes have nefarious purposes	0
Don't use social media login because it allows permission for data sharing. It may be convenient, but not prudent.	0
Your students don't know any of this.	0
Don't run apps that access your data	0
Use real examples to teach kids what to look out for and how to adjust settings.	0
Not getting caught up in the latest social media fad	0
Need to be cognizant of the repercussions of using it...	0
