

MoA evaluation

Students from the 2021-22 eTwinning project Music on the Agenda evaluate their work

What went well	Votes
The best thing was the communication with German students (Carlotta)	2029
All the progress it self, with the radio ad and the song composing, as even the communication it self in the group, since we always shared our own opinions and ideas on the different topics (Beatrice)	488
The best thing was the collaboration in my group and the interest about the SDG(Anna)	419
I liked the use of the technology. (Alessandro)	339
The song lyrics were done well. I enjoyed going out to do our promotion video. The radio ad was also done well. Before our collaboration was good. (Kanta)	300
The song writing and sharing ideas with the german team (Matteo)	104
the collaboration between our projectmates and us sharing opinions about the goal (Alice)	72
the collaboration in my group (Sara)	70
The radio ad, the song, the work done together at the beggining. (Taieba)	33
The best thing was the collaboration with our schoolmates. (Tamim)	31
the song writing (Alessio)	29
I liked the song writing process and that I could bring the guitar at school and produce the song with them. (Kemberly)	27
I enjoyed the ideas proposed in the project as for example the creation of the song, of the video or of the radio ad. (Ginevra)	25
I liked drawing, creating meme	1
I loved making the radio ad.	0

What could be done better	Votes
we would like to go on more field trip with the class and have more experts for our commercial ad (Sara)	419
sometimes the collaboration within my group,my schoolmates, was not ideal. we have to learn to cooperate better. alessandro.	130

Sometimes in a group the work is not balanced and we must improve that (Matteo)	101
the communication about the lyrics of the song that we must improve in the future (Alice)	68
We could of improved more the participation of everyone in the project. (Beatrice)	55
the collaboration in my group could be done better. The work was not balanced. (Carlotta)	51
The collaboration of everyone in the project,I wasn't really satisfied by it and the communication was really difficult. (Kemberly)	43
We should improve the division of tasks because some of us worked a lot and others worked less. (Ginevra) -----	42
More field trips and more experts that teach us the value of our SDG and how to promote better the call to action (Anna)	35
The collaboration and the cooperation with the German team could be done better. (Tamim)	30
The quality of the audio of the radio ad and the quality of the audio of the song. The distribution of the tasks wasn't balanced sometimes between the groups and teammates. (Taieba)	21
my participation in the team group (Alessio)	4
Our group work wasn't balanced lately. We didn't have experts so it took us a lot more time to do this. (Kanta)	3
it was boring reading all that long sdg informatiomations	0
