DSec - Sprint Retro #2

What went bad	Votes
Keeping JIRA board up to date	4
Updating things we did in Jira by ourself	3
Confusion that dates for sprint end and presentation upload are not the same	3
didn't calcualte the capacity of tasks correctly (even because midterm exams)	1
Not so much, everything worked well and we have been able to complete our tasks	0
Overestimated ourselves with the amount of work we can do	0

What went well	Votes
I think communication in meetings is better, we are definitely having less quiet time than before	5
dividing task	3
everyone is participating and doing their tasks	3
We have a working "app"	2
Improved communication	2
Meetings have been more efficient	2
Nice splitting of the job, dividing in subgroups for tasks	2

What can be improved	Votes
Update on Jira frequently	6
Keep better track of required dates	3
Trying to improve communication even more	2
Written daily scrums (maybe it will motivate us?)	1

Action Items	Votes
Check with supervisors about Sprint presentations deadlines and Sprint switch dates	0
Setup deadline reminders on Slack - Lorenzo will do it	0
