Challenges Being Experienced	Votes
<p>Idea: First IEEE Baltimore Technical Colloquium and Professional Development Conference Nov 2 https://site.ieee.org/baltimore/files/2024/05/BTCPDC2024-1.png</p> <p>Cellular Radiation Hazard to Human Health: Create a poster, and an engineering measurement workstation on the topic of Radhaz on human health for cellular phones: 3G/4G/5G and 6G communications devices when they come online. Create a group to create a poster on this topic soon, as the conference is Nov 2, 2024. Review articles on medical effects of cellular devices on human health, I have downloaded many articles, and must review them. NTT APS Society, reach out to them on getting help on this project, I plan to do this. Bob Berkovits (EMC Baltimore Chair and Tim Cash. EMC Baltimore Vice Chair) plan on working on this topic together and we need help.</p>	0
