Feedback for the video-based analysis of animal behaviour course 2024

What went well	Votes
The Jupiter notebooks were very helpful, will definitely reuse in the future	1
It is really nice to get an overview of the methods with advantages and disadvantages that are out there and to try them out ourselves!	0
Well explained, enough time to focus on individual problems. I really liked it!	0
Well-designed course, easy to follow and navigate, loads of interesting and helpful information	0

What can be improved	Votes
Would actually probably skip SLEAP? Seemed like it would not be that tough to figure out on our own. spend more time on other sections	0
